EXPERIENCE

Crispin Porter + Bogusky   05/2012 - 08/2012
Interactive Developer (Intern)

Worked as a Standards Developer. Responsible for coding functionality for websites, Facebook applications, and interactive prototypes. Other duties included comp-matching site aesthetics as well as completing cross-browser quality assurance on a daily basis.

Metaproject   02/2012 - 05/2012
Independent Study

Website used to advertise annual event, and act as a portal for students to upload work progress. My responsibilities included developing the front-end site to match designs handed off by my partner, as well as creating/integrating custom functionality for the underlying Wordpress CMS.

RIT College Activities Board   05/2010 - 05/2012
Web Designer + Developer

Responsible for designing and maintaining content in a custom CMS, as well as developing both single- and multi-page websites to advertise events for RIT students.

EDUCATION

Rochester Institute of Technology   08/2008 - 02/2012
Bachelor of Fine Arts, New Media Design & Imaging
